SPECIAL OFFER

Your home should have a new dress this Spring!

Have you seen the new shrub combination, Bridalwreath Spirea (Vanhoutte) and Red Japanese Barberry? Everyone knows the Bridalwreath. It has often been termed the most satisfactory home shrub. Its foliage is dark green, branches gracefully arching. In Spring it is entirely covered with dainty white blossoms. For contrast a planting of this fine shrub with the new brilliant red Barberry gives color that cannot fail to please. The Red Barberry retains its brilliant color throughout the summer.

Why not take advantage of our special offer on these two shrubs and dress up your home? The shrubs can be purchased as a combination or alone in the quantities given.

Send in your orders at once.
